From (Name) Sri. K. Vittal Shetty,

(Designation) President, District Board,

South Kanara.

To The Secretary to the Government of Madras,

Education and Public Health Department.

MADRAS.

In Government Order No. 2884 P. H. dated 17.12.1934, Government have fixed the proportion of the first and second class vaccinators to 2:3. While sanctioning the staff of three I Class and sixteen II Class vaccinators under the South Kanara District Board, the Government have in their Order No. 2681 P.H. dated 14.10.1935 requested the District Board to consider the advisability of converting some of the posts of II Class Vaccinators as and when vacancies occu into those of I Class in order to reach the proportion.

2. At present there are 6 first class and 13 second class vaccinators. Whenever a first class vaccinator was appointed to act as Health Inspector by the Director of Public Health, Madras, his place was filled up by the appointment of a second class vaccinator or sometimes by a qualified first class vaccinator holding the substantive post of a second class vaccinator. In the latter case, no officiating allowance was paid.

3. The District Health Officer now brings to my notice that the ag. vaccinator who works in the vacancy of a first class vaccinator should be a candidate possessing the qualifications prescribed for a first class vaccinator and accordingly has, in anticipation of my approval, appointed a fully qualified first class vaccinator ousting one Mr. Habibulla Khan, a second class vaccinator, who has been working in the place of first class vaccinator on the minimum pay of a second class vaccinator.

4. I find that Mr. A. Habibulla Khan was entertained in the department as an ag. second class vaccinator on 1.9.30 prior to the fixation of the designation and grades in the vaccination establishment issued in Government Order No. 2884 P.H. dated 17.12.1934. He was posted to work as a second class vaccinator in the vacancy of a first class vaccinator and he has been working in that capacity since 18.9.1936.

5. I am not sure whether the services of an ag.second class vaccinator who was entertained prior to the introduction of the new rules issued in Government Order No. 2884 P.H. dated 17.12.1934 can be terminated in order to entertain a fully qualified first class vaccinator for the purpose of maintaining the proportion fixed by Government in their Order No. 2884 P.H.dated 17.12.1934.

In the circumstances, I request that the Government may be pleased to issue necessary instructions in the matter at a very early date.

R.O.C. No. 24740/E/40-1

Station Madras, *Dated the* 15th August, 1940.

From (Name) Lieut.-Col., C.M. Ganapathy, M.C., I.M.S.,
(Designation) Director of Public Health, Madras.

To The Secretary to the Government of Madras,
Education and Public Health Department.

Sir,

With reference to Government Memorandum No. 44978/El-39-3 dated 24th February, 1940, I have the honour to offer the following remarks. p 16 ante

Mr. G. Sequeira, Mohammed Ummer Saheb, Sri B. Krishna Shetty, Mr. L. S. Lobo, Sri M.Ramanna Shetty, Sri K. Thuranga Shetty, Sri M.K. Gopalakrishna Rao, Sri K. Panduranga Shanbogue, Sri R. Gururaja Bhat, Sri D. Seshappa Shetty and Sri B. Sridhar Rao were all confirmed prior to the abolition of taluk boards on 1-4-1934.

As seniority in service in one taluk board was not respected by the other Boards, the confirmations made by them cannot be interfered with now.

The other permanent vaccinators are Sri M. Damodarachari and Sri B. Bhujanga Shetty and they were confirmed on 19-12-1937 and 1-8-1934 respectively. After the vesting of **contral** of vaccination staff in the District Board from 1st April 1934, there can be only one list for the whole district and the claims of each vaccinator should receive consideration according to his rank. The claims of the above two vaccinators and the other two acting vaccinators, A. Habibullah Khan Saheb and M. Hussein Saheb should be considered together.

Sri M. Damodarachari, Sri B. Bhujanga Shetty, A. Habibullah Khan Saheb and M. Hussein Saheb were first appointed on 31-1-1929, 8-7-1929, 1-9-1930 and 5-7-1931 respectively. At the time of their appointment there were no rules regulating probation, seniority in service etc. In the absence of any definite rules, their seniority may be fixed with reference to the total service put in by them on 1-4-1934. Their services on that date were Y.M.D. 4-1-1, Y.M. D. 3-11-11, Y.M.D. 2-6-26, and Y.M.D. 1-6-21 respectively. Even if the minimum period of probation of 6 months fixed in G.O.No.3599 L & M., dated 8-9-1932 is made applicable to them, they could be approved probationers on 1-4-1934. The order of seniority will be as follows:-

M.Damodarachari
B.Bhujanga Shetty
A.Habibullah Khan Saheb
M.Hussain Saheb

The first two vaccinators have already been confirmed and their confirmations are regular.

The position of the two actin II class vaccinators is examined below:

In G.O.No.2681 P.H., dated 14-10-1935, the Government fixed the strength of the vaccination staff as 3 I class vaccinators and 16 II class vaccinators and advised the District Board to convert some of the posts of II class vaccinators, as and when vacancies occurred, into those of I class, in order to reach the proportion fixed in G.O. No. 2884 P.H., dated 17th December, 1934. The strength has since been varied as follows:-

(W)

One Sri E.Krishna Shetty, an exempted II class vaccinator expired on 19-12-1937. The conversion of this post into a I class post was approved in G.O.No.3597 P.H., dated 11-10-1938. This vacancy was filled up by the promotion of Sri K.Kristraya Shanbogue, a permanent II class vaccinator and a qualified Sanitary Inspector. This vaccinator died on 14th July 1939, and the vacancy being a I class one, Sri B.Narnappa Karkera, a qualified Sanitary Inspector, was appointed. Further, two more posts of II class vaccinators were converted into I class ones and the Government approved the same in G.O. No. 4066 M P.H., dated 14-11-1938. Sri R.W.Nayak and Sri M.Sanjiva, two permanent II class vaccinators and qualified Sanitary Inspectors were appointed to these two posts. It will thus be seen that in the three converted posts of I class vaccinators only permanent II class vaccinators who were qualified for promotion as I class vaccinators were appointed, and that they would have continued as II class vaccinators but for the conversion of their posts into I class ones. No hardship was, therefore, caused to the acting II class vaccinators.

(G)

(F)

It is reported that A. Habibullah Khan Saheb was posted to act in the vacancy of a I class vaccinator from 18th September, 1936. The vacancy being a I class one, a qualified Sanitary Inspector should have been appointed. The action of the District Health Officer in appointing a fully qualified vaccinator ousting the II class vaccinator in question was

was correct. As Habibullah Khan Saheb is the seniormost of the acting II class vaccinators, he may be re-employed as a II class vaccinator if there is a vacancy, discharging his junior. There is no objection to his being confirmed eventually, even though he is an exempted II class vaccinator.

I have the honour to be,
Sir,
Your most obedient servant,

M. C.,
Lieut.-Col., I.M.S.,
Director of Public Health, Madras.

— E. Estt. - P.H. - S. Kanara Dt. 3d - Appoint. Appointment of a first class vaccinator in preference to the claims of an acting second class vaccinator.

Please see the letter of the P.D.B., South Kanara on pp. 1-3 c.f., the memo on p. 4 c.f. and the reply of the D.P.H. on pp. 5-6 c.f.

2. The question raised by the P.D.B. is whether a second class vaccinator who was acting in a first class vacancy can be ousted on the ground that he does not possess the requisite qualification of a first class vaccinator, and a first class vaccinator possessing the requisite qualification may be appointed in his place. The D.P.H.'s reply on pp. 5-6 c.f. does not seem to be to the point.

1936

3. The vaccinator, A. Habibulla Khan referred to by the P.D.B. did not possess the qualification of a first class vaccinator

Deduced from A' on p. 2c.f.

vaccinator. He was appointed to a first class vacancy on 18.9.1936, that is, after the issue of Go. No. 2884 P.H. dated 17.12.1934. In Go. No. 2681-P.H. dated 14.10.1935, when fixing the strength of first class vaccinators under the Bd., the S. Kanara Dt. Bd. was requested to take early steps for the ~~conversion~~ conversion of some second class vaccinators' ports into first class ones, so that the proportion fixed in Go. No. 2884 P.H. dated 17.12.1934 may be reached. To have appointed, in these circumstances, a second class vaccinator (who had not even the required qualification) to a first class vacancy was clearly irregular. The D.H.O's present action in regularising this appointment seems, therefore, to be correct.

4. But the D.H.O. need not have ousted A. Habibulla Khan, unless the latter be the junior most second class vaccinator under the Bd. Information on this point is not available. It may be called for before orders are issued as ~~A draft memo is submitted below for approval~~. The P.D.B. may also be asked as ~~to why~~ to why a new man was appointed instead of promoting the senior most second class vaccinator possessing the required qualification as to the

MOUNT ROAD P.O.

Dear Mr Cooke.

I am sorry to trouble you once again on behalf of a Muslim from South Kanara. Mr. A. Habeebullah Khan who was a second class vaccinator since the year 1930 has been removed from service by the Health Officer of South Canara District Board. In his place an Iyer who does not belong to this District has been appointed. This has been done ostensibly to make up the proportion of 1st class vaccinators. On the face of it a good case can be made out for such action, but the remark is the silent - and "most reasonable" manner in which a poor and unfortunate Muslim is victimised and a Brahmin is quietly appointed. This is the subtle way in which this business is done.

As a Muslim, I would never do injustice to any Community in any manner. I am afraid it is impossible for any reasonable

and fresh mean to allow such victimisation of any Community, ostensibly in pursuance of a Government order.

Under the circumstances I request you kindly do your very best to see that justice is done to this poor man.

Once again I am really sorry to bring such matters to your notice. I know that you can alone set right such things.

Thanking you.

Yours sincerely,
[illegible]

(Previous note on pages 1-3 ante)

Please see the P.D.B's reply on pages 11-13 C.f.

para 4 on p 13 C.f. He reports that Mr. A. Habibullah Khan is only an exempted 2nd class Vaccinator working in the place of a first class Vaccinator who is now on other duty as Health Inspector and that it was because of this circumstance that he was asked and a qualified 1st class vaccinator was appointed to the place.

para 5 on p 13 C.f. There is no objection to the vacancy being filled by an outsider, as none of the 2nd class Vaccinators under the Board are qualified to hold the post. But it will be observed from the Statement furnished by the P.D.B. (pages 14-15 C.f.) that Sri B. Bhujanga Shetty, another exempted 2nd class Vaccinator who has put in less service (5 years 5 months) is included among the Vaccinators who are permanent or on probation, while

p 15 C.f. Mr. Habibullah Khan with a total acting service of (about) 8 years & 10 months in the department is shown as a temporary Vaccinator. It is not known why this has been done. Both of them being exempted Vaccinators, Sri Bhujanga Shetty who has put in less service under the Board should have been asked. The position may be

explained to the P.D.B. and he may be requested to state why Mr. Habibullah Khan was discharged from service in preference to Sri Bhujanga Shetty.

Draft memo is submitted for approval.

The position as I understand it is "the exempted" second class vaccinators can be confirmed in due course as 2nd class vaccinators. If so juniors should be posted first. The order asking the D.H.B.d to increase the no of I Class vaccinators cannot be ~~taken~~ taken to authorize wholesale sacking of II class vaccinators who started their probation before the issue of the orders. I think the question of seniority of these II Class vaccinators should be looked into & decided now. For orders if The D.P.H. may be asked to submit a full report
